For a/c Mrs Weld -

C. T. Robbie & Co.,

DISPENSING CHEMISTS  BY APPOINTMENT

To H. H. The Lieut-Governor, U. P. of Agra and Oudh.

THE PHARMACY, CANNING ROAD,

ALLAHABAD.

DISPENSING DEPARTMENT.

PLEASE NOTE.—The Dispensary is never closed for urgent prescriptions; there is an English qualified Chemist in attendance at all hours of the day and night.

All Prescriptions are dispensed **strictly** in accordance with the British Pharmacopœia and the desire of the Physician, and checked by an **English Qualified Chemist**.

The purity and quality of the Drugs and Chemicals employed are guaranteed.

A copy of this Prescription has been taken for future reference.

It is suggested that Prescriptions be sent **as early in the day** as possible, as the time required for dispensing them may vary according to the nature of the compound.

As it is a common practice for messengers to misrepresent the time they are kept waiting for Medicines, the Proprietors wish it to be distinctly understood that in **no case** is any unnecessary detention allowed.

When a Prescription is sent to be repeated, **written** directions should be sent, whether the whole or only a portion of it be required, as verbal messages are often inaccurately delivered by ordinary messengers, and medicines once compounded cannot be allowed for, being of no possible use to anyone but the person for whom they were originally ordered. For the same reason, when a phial is returned with an old prescription label upon it, the **number** on it should be **erased** if it is **not** required to be refilled.

When Medicines are ordered to be taken by spoonfuls a graduated measure should be used, as the domestic table, dessert, and tea-spoons, vary so much in size.

C. T. ROBBIE & CO., Pharmacists.
